

"Your face is the best focal point for your fashion."

THE HOT SEVEN:

1. Makeup is powerful! Rather than disguise yourself or pretend to be someone else, use makeup to enhance your natural beauty and keep the focal point on your eyes.

2. Take control of your closet. Get rid of stuff you don't wear and take care of the things you do.

3. Use fashion colors like makeup. Choose tops in your best colors, wear a scarf or necklace, or adopt a fleet of cardigans.

4. Choose clothing that fits you well, neither too tight or too loose.

5. Learn to layer. Choose tanks, t's cardigans and "slouchy" jackets to get a great number of looks...and to stay warm.

6. Be a smart shopper. Understand the power of advertising and how it's really all about creating a myth.

7. Know your fashion personality. Be proud of it and choose fashion that's good for you (not just the fashion that everyone else is wearing).
