Spring '15 is a garden of delights!

Perennials

Must-have Annuals

Surprise blossoms

Bursts of color

Pops of Interest

Ground cover

Perennials are the layering pieces that keep you warm. Start with neutral basics to grow your garden.

Must-have Annuals include a pretty spring-time dress, the midi (or maxi) skirt, a touch of gingham check and a go-to piece like a dressy jacket.

Pops of Interest and some surprise blossoms keep it fun this spring with colorful jewelry, floral print skirts and shorts, printed shoes, lacy details, palazzo pants, and ethnic patterns on bags and cardigans.

Add bursts of color wherever possible by color blocking or pairing complementary colors (opposites on the color wheel).

Cover your ground with flats (especially 2-tone ballet flats or animal print loafers), croc-embossed heels, strappy sandals, and wedges.

Keep in mind your fashion personality while tending your garden!
